PAM-ALA
Is Mightier Than QUININE
The cause of Malaria arises from Swamps or effluvia from decomposition of animal or vegetable matter: The effect is to produce Fevers, known under many names in different parts of the world, as Chills and Fever, and Fever and Ague, etc. In the past the Doctors only remedy was Quinine, a very useful, but dangerous drug. The Cure for MALARIA is **PAM-ALA**
Sold by all druggists. \$1.00 Bottles.

KIDNEYS WILL ACT FINE

BACKACHE OR BLADDER MISERY AND ALL DISTRESS FROM DISORDERED KIDNEYS VANISH.

Hundreds of folks here are needlessly miserable and worried because of out-of-order kidneys, backache or bladder trouble.

If you will take several doses of Pape's Diuretic all misery from a lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, worn-out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder, or feel rheumatism coming, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agent will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

The Pirates by the score of 3 to 1. The game was well played throughout. The Floridas put up a nice game, allowing the Pirates only one chance to score, and that was in the second inning, when an overthrow was made to third base. S. Lowry was in the box for the Floridas and pitched a nice game, having three strikeouts to his credit and passing only two men. J. Gipson was in the box for the Pirates, having three strikeouts to his credit and passing four men.

She Was Pleasantly Surprised.
Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep, and was greatly troubled with headache. The first few doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me, and I can honestly recommend them."

FALLON'S BODY IS UNCLAIMED BY RELATIVES

MYSTERY SURROUNDS RECENT PAST AND DEATH OF STRANGER WHO WAS LATELY DROWNED IN PENSACOLA BAY—ADDRESS OF SON HAS BEEN FOUND.

Unclaimed as yet, the body of the stranger identified as T. J. Fallon, taken lifeless from Pensacola bay, is at the Pou undertaking parlors, and will be interred in the potter's field within a short time unless a legal claimant for body and effects is made. Quite a number of people have visited the cooling room in a humanitarian desire to give testimony if possible that would lead to a location of his relatives so they could be notified and thus provide a decent burial, thus saying it from a pauper's grave.

Late last evening a thorough examination was made of the papers taken from him. In an envelope was found a scrap on which were the words: "My only son, Edward Fallon, 601 Carondelet street, New Orleans, La."

The paper was evidently written as a guide to identification in case of his death. The address will be queried to find out whether or not deceased was known there. The registration certificate of Edward Fallon, paid by T. J. Fallon, was also found, and a pass book on the Fourth National Bank of Atlanta, Ga., showed a balance of \$1,575.

to the credit of T. J. Fallon. The book, however, was three years old, but there was no evidence of the account having been closed. Several letters addressed to T. J. Fallon were found, all of them having some reference to cement building or concrete building contracts. One from New Orleans gave notice to a bondsman that he had been released from "all liability on the bond of T. J. Fallon for the erection of a concrete building."

OFFICIAL CALL FOR MEETING

TURPENTINE OPERATORS TO MEET IN JACKSONVILLE THIS MONTH—GOVERNORS ARE INVITED AND ALSO CHIEF FORESTER GIFFORD PINCHOT TO DELIVER ADDRESS.

The official call has been issued for the ninth annual convention of the Turpentine Operators' Association, to be held in the auditorium of the Jacksonville Board of Trade, on Wednesday and Thursday, October 20th and 21st, and already a number of replies have been received from operators signifying their intention of attending the convention, which, without doubt, will be the largest and most important in the history of the organization.

Invitations have been extended to Hon. Gifford Pinchot, chief forester of the United States, and to the governors of every state in which naval stores are produced, to attend this convention. The officers of the association are confident that these invitations will be accepted, and that these officials will all be present and deliver addresses.

Arrangements are being made for an elaborate banquet to be given the association on the evening of Wednesday, October 20th. This promises to be the greatest banquet ever tendered a trade organization in the city of Jacksonville.

The Official Call.

The following is a copy of the official call for the convention:

Notice is hereby given that the ninth annual convention of the Turpentine Operators' Association will be held in the auditorium of the Board of Trade, in the city of Jacksonville, Fla., Wednesday and Thursday, October 20th and 21st, 1909. The sessions will convene promptly at 10 a. m. and 2 p. m. each day.

Every member of the association and every man engaged, directly or indirectly, in the naval stores industry, whether he has ever been aligned with the association or not, is urged to attend this convention.

Questions of vital importance are to be frankly and conscientiously considered, discussed and acted upon. This is no time for bickering and distrust, but for discussion and action along business lines.

An interesting program is being arranged. Invitations will be extended to the governors of each of the states in the naval stores belt, and also to the chief of the forest service of the United States to attend and address the convention. It is expected that at least two representatives of the forest service will be present and deliver addresses outlining the result of the government's investigation of the industry. It will be a revelation to statisticians and to the layman of the extensive experimental and educational work now being conducted by the government for the direct benefit of the manufacturers of naval stores.

The special agent of the bureau of the census, in charge of naval stores statistical work for the forthcoming census, will also be present. He will advise with operators as to the manner of preparing schedules which every operator will be required to fill out within the next few months.

One of the pleasant social features of the convention will be a banquet tendered to the visiting naval stores operators by the business men of the city of Jacksonville. This will be one of the most elaborate banquets ever given to a trade association in the state of Florida.

In arranging for the convention and banquet it is important that the committee on arrangements shall have an approximate idea of the number who will attend. To obtain this information a post card is herewith inclosed and each operator receiving a copy of this call is respectfully urged to fill out the card and return it as soon as practicable. Invitations will be mailed to all operators who thus signify their intention of attending the convention.

The complete program for the convention will be published through the newspapers and trade journals in due time.

Your presence is needed. Come to the ninth annual convention of the Turpentine Operators' Association October 20th and 21st, 1909, in Jacksonville, Fla.

J. G. BOYD, President.

J. A. HOLLOMAN, Secretary.

REMAINS OF YOUNG DORDON BROUGHT HERE

PREPARED FOR FUNERAL WHICH OCCURRED IN AFTERNOON—STORY OF YOUNG MAN'S TRAGIC END ONE OF SADNESS, HAVING BEEN MARRIED LESS THAN MONTH.

For the purpose of being prepared for burial, the remains of the unfortunate young man, Tony Dordon, were brought to the city at an early hour yesterday morning and were embalmed. Late in the afternoon the remains were conveyed to Beulah, where the burial was made, in the presence of a number of friends and relatives.

With the arrival of the body here, and the return of officers who were summoned to the scene, the detailed story developed. It was just as abbreviated as the life of the young man. He was a native of Louisiana, and had been in the city for some time, where he had procured the means to kill himself.

Wedded for less than a month, but at the time of his death temporarily estranged from his bride, for some as yet unexplained reason, his ending was all the more tragic. The position of body, his cap and gun, all indicated that a shooting was deliberately planned and just as carefully executed. Seating himself near a large tree, the gun was placed between his feet, the muzzle at his forehead. His foot was used to pull the trigger. His head was shattered, his shot-pierced cap a few feet away. It was a most sorrowful spectacle, as the spot chosen was in the recesses of a thick swamp. He was found hours after the gunshot was heard, relatives believing that he was engaged in the work for which it was believed he had engaged the gun.

INTEREST IN WORLD'S SERIES

PENSACOLIANS INTERESTED IN THE RESULT OF GAMES BETWEEN CHAMPIONS OF AMERICAN AND NATIONAL LEAGUES.

Many Pensacolians who have been following the two teams during the pennant races in the American and National leagues, are interested in the outcome of the series of games now being played for the world's championship between the "tigers" and Pirates, and there was much rejoicing yesterday when the Pirates took the first game, for the Pittsburgh team is the favorite in this city. Large crowds gathered in the Orpheum theatre yesterday afternoon, where the results are being received in detail and listed to the plays as they were called off, and there was much rejoicing when the Pittsburgh men won.

This afternoon the game will start at the theatre at 2 o'clock, and the young men who have secured the service that has made it possible to get the game by innings expect a large crowd.
